

# WHAT SHOULD WE DO NOT TO GET SICK?

AAA CHOO!

TO FIND OUT FOLLOW THE SECRET MAP

THE JOB OF THIS PIRATE IS TO MULTIPLY AND TO INVADE AS MANY PEOPLE AS POSSIBLE...

...BY ENTERING IN OUR BODY THROUGH THE MOUTH, NOSE OR EYES!

TO DO SO, HE FOUND OUT THAT OUR HANDS ARE ACTUALLY A GREAT MEAN OF TRANSPORT, SINCE WE TOUCH MANY MANY THINGS WITH OUR HANDS! (THE DOORS AT SCHOOL, YOUR BALL, YOUR FRIEND'S HAND, YOUR FACE!)

SO TO GET RID OF HIM: DON'T TOUCH YOUR FACE AND WASH YOUR HANDS, OFTEN AND CAREFULLY AND WITH SOAP!

AAA CHOO!

THIS NAUGHTY PIRATE ALSO FOUND OUT THAT LIVING IN OUR NOSE OR SALIVA COULD EASILY SEND HIM LIKE A ROCKET ON OTHER PEOPLE WHEN SICK PEOPLE SNEEZE OR COUGH

THAT'S WHY COUGHING IN ONE'S ELBOW AND SNEEZING IN A PAPER HANKY IS GREAT TO IMPRISON HIM! OF COURSE LET'S THROW IT AWAY IN A BIN AFTERWARDS!

AND FOR NOW, BEST THING TO DO NOT TO GET SICK (ON TOP OF THE OTHERS), IS TO STAY HOME. THAT WAY, THE PIRATES CAN'T TRAVEL THAT EASILY FROM ONE HOUSE TO THE OTHER...

...AND YOU CAN STILL PLAY, DANCE AND MAKE PANCAKES!

...BUT CAN WE REALLY NOT GO TO SCHOOL OR VISIT GRANDMA?
