

WHAT HAPPENS IN OUR BODY WHEN WE ARE SICK?

TO FIND OUT
FOLLOW
THE SECRET MAP

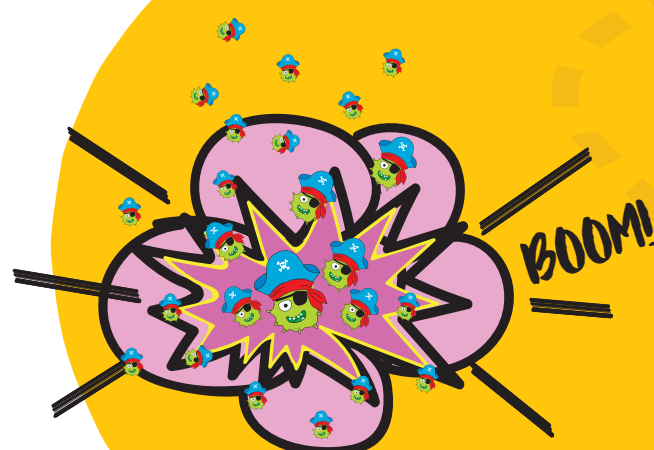

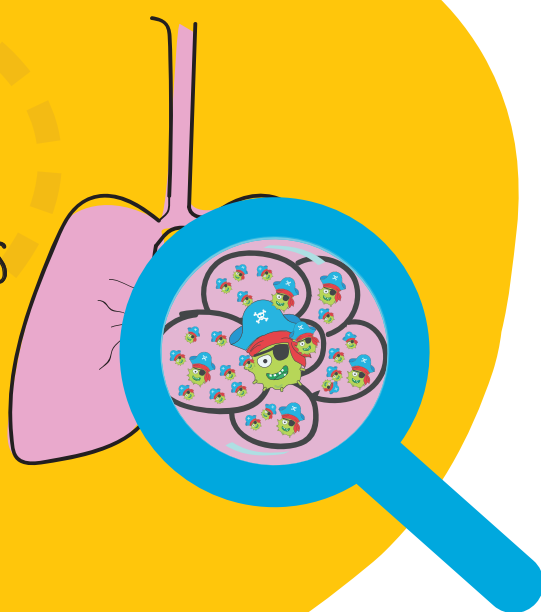

WHEN THIS NASTY PIRATE ENTERS OUR BODY,
IT NAVIGATES TOWARDS OUR LUNGS

THE LUNGS ARE LIKE TWO BALLOONS
THAT INFLATE WITH AIR WHEN WE BREATHE

THE PIRATE DROPS ANCHOR AND
SECRETLY UNLOADS MINI PIRATES

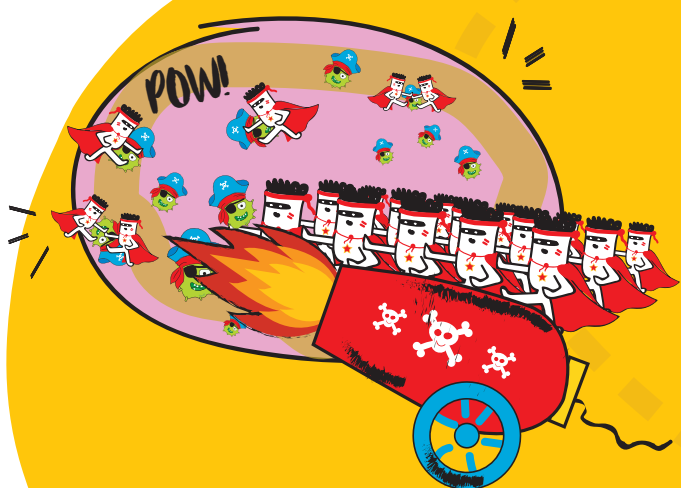

ONCE THE PIRATE INFILTRATES THE FACTORIES
OF OUR CELLS, THEY WILL UNKNOWINGLY
MULTIPLY IT AGAIN AND AGAIN...

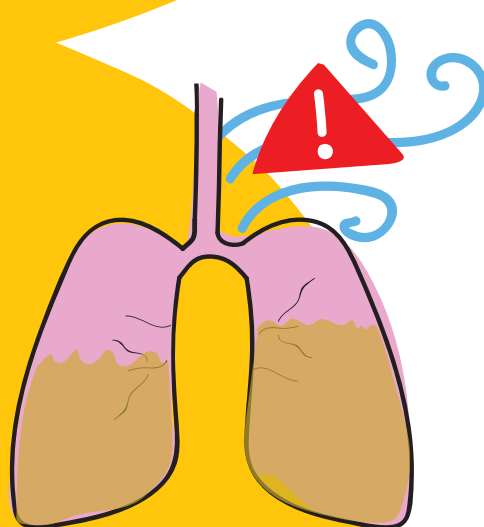

...UNTIL THE FACTORY EXPLODES!
AND FREE LOTS OF PIRATES!

ALERTED BY THIS MESS,
THE IMMUNE SYSTEM RESPONDS AND
SEND ITS ARMY OF NICE SOLDIERS...

BUT SOMETIMES, IN A PANIC, THE IMMUNE SYSTEM
GOES A LITTLE TOO HARD... AND THIS IS WHERE
THE TROUBLE BEGINS AND THE INFLAMMATION
STARTS...

...AND THE REMAINS FROM THIS BATTLEFIELD
FILL OUT THE LUNGS...

...WHICH MAKES US COUGH
AND SOMETIMES
FIND IT DIFFICULT TO BREATHE...

...AND DOES THE CORONAVIRUS
HAVE FRIENDS?
