

LIHTELLMEWHY SPECIAL CORONAVIRUS IT'S OVER!

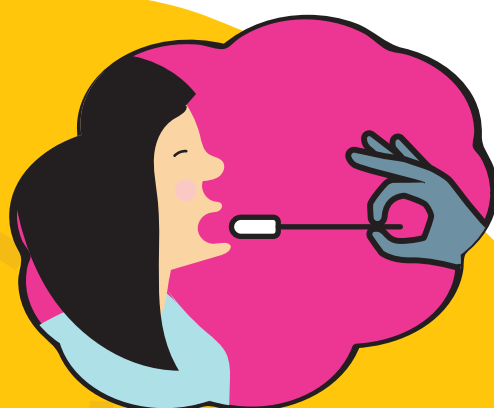

YOU NOW KNOW HOW THIS UGLY VIRUS ARRIVED,
HOW IT TRAVELS, WHAT IT CAN DO TO OUR
BODY IF IT SNEAKS IN AND ABOVE ALL,
HOW TO PROTECT YOURSELF FROM IT!

YOU'LL SOON BE ABLE TO SEE YOUR FRIENDS
AT SCHOOL AGAIN AND DO THINGS THAT YOU
COULDN'T DO AS LONG AS THIS NASTY
PIRATE SPREAD TERROR, LIKE GOING TO THE
PARK OR EATING OUT WITH YOUR PARENTS

BUT BEWARE, IT IS POSSIBLE THAT SMALL PIRATES
ARE STILL HIDING IN THE BODIES OF SOME PEOPLE,
SOMETIMES WITHOUT MAKING ANY NOISE,
SO YOU STILL HAVE TO BE VERY CAREFUL!

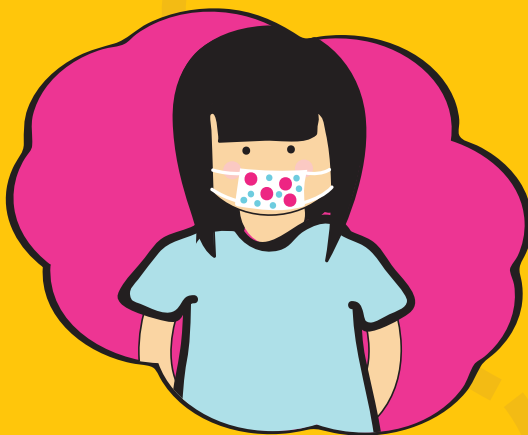

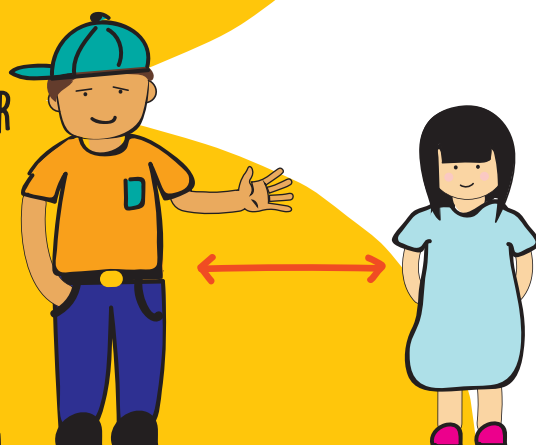

FIRST OF ALL IT WOULD BE PRUDENT TO MAKE SURE
THAT THIS UGLY PIRATE IS NOT ACTUALLY HIDING
IN YOUR BODY, YOUR PARENTS' OR YOUR FRIENDS'.
TO BE SURE, YOU CAN GET TESTED
WITH YOUR FAMILY

YOU SHOULD CONTINUE TO RESPECT THE BARRIER
GESTURES THAT YOU NOW KNOW WELL:

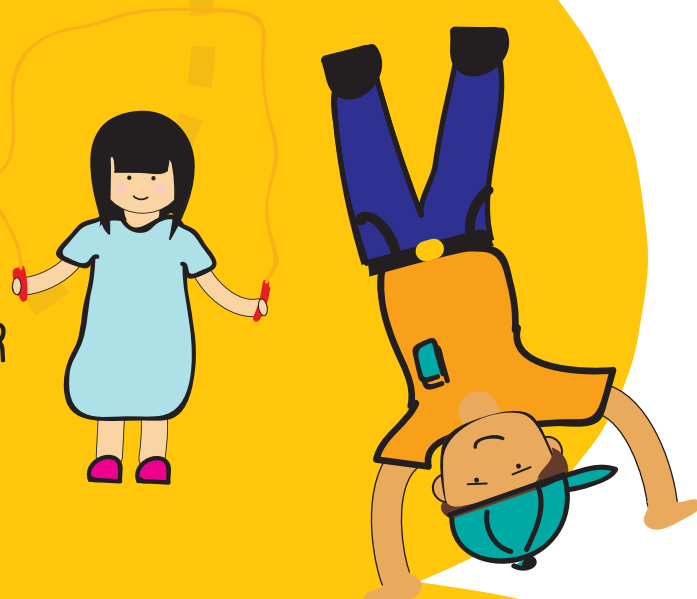

- WASH YOUR HANDS WELL AND OFTEN
- COUGH OR SNEEZE INTO YOUR ELBOW
- LEAVE SOME SPACE BETWEEN YOU AND YOUR BUDDIES
- WAIT A LITTLE BIT LONGER FOR THE KISSES!

WEAR A MASK WHEN YOU CAN'T
KEEP THAT DISTANCE.
YOU CAN HAVE FUN MAKING
A SUPER COOL
ONE WITH YOUR PARENTS!

SO NO,
WE ARE NOT GOING TO LET THIS PIRATE
PREVENT US FROM HAVING FUN THIS SUMMER
BUT WE WILL HAVE TO BE CLEVERER THAN
HIM UNTIL WE ARE SURE THAT HE HAS
DISAPPEARED!

SEE YOU SOON FOR OTHER EPISODES AND
OTHER SUBJECTS IN LIHTELLMEWHY!

ALLERGIES, DIABETES, CANCER:
SEND US YOUR CHILDREN'S QUESTIONS!
