

THE FUTURE IS BRIGHT!

Flow Cytometry User Meeting, 2nd edition

Dear Researcher,

BD Biosciences and The National Cytometry Platform of LIH are delighted to invite you to the second edition of the Joint Flow Cytometry User Meeting on **May 10, 2016**.

During this meeting, scientists using flow cytometry in their daily research settings will share their knowledge and experiences. Next to that, BD Biosciences application specialists will give workshops on instrument setup, compensation and multicolour panel design. Aimed at both novices and experienced flow cytometry users, this will give you new insights to help you simplify panel design and confidently unlock the full potential of flow cytometry in your research.

Take this opportunity to share ideas and experiences with fellow researchers and to ask your flow cytometry questions to BD Biosciences application team.

The meeting will run from 9.30 AM to 15.30 PM. Lunch and light refreshments will be served. [Full program available now.](#)

Participation is free but please [register now](#) to ensure your place!

Date: May 10, 2016

Location:

Conference Room
House of BioHealth
Department of Infection and Immunity
Luxembourg Institute of Health
29, rue Henri Koch
L-4353 Esch-sur-Alzette
