

PROGRAM

eCLINICAL RESEARCH: GETTING VIRTUAL AND PERSONAL

Innovative solutions for the use of electronic medical data to serve research purposes

Day 1 - 30 May 2017

- 8:15** Welcome
- 09:00 - 09:15** Introduction
Dr Anna Chioti (Luxembourg Institute of Health, LIH)
- 09:15 - 10:30** **SESSION I: eSolutions for Clinical Trials**
Chair: Marc Vandelaer (Integrated Biobank of Luxembourg, IBBL)
Speaker 1: Dr Denis Lacombe (EORTC): Challenges and opportunities related to the use electronic data capture for cancer clinical trials
Speaker 2: Dr Miguel Orri (Vascory AG, Malaysia): The REMOTE trial, a virtual Participatory Patient-Centered (PPC) clinical trial
- 11:00 - 12:30** **SESSION II: Electronic clinical databases serving research**
Chair: Dominique Brault (LIH)
Speaker 1: Prof Sabine Siesling (Netherlands Comprehensive Cancer Organisation (IKNL) & University of Twente): Netherlands Cancer Registry data supporting quality management
Speaker 2: Dr Dirk Colaert (Agfa HealthCare, Belgium)
Closing the loop: connecting health care and medical research
- 13:45 - 15:00** **SESSION III: Data protection, the 4th dimension of clinical trials**
Chair: Allen & Overy
Speaker 1: Mette Rye Andersen (Danish Cancer Society, Cancer Prevention & Documentation): Cancer registration, public health and the reform of the European data protection framework: Abandoning or improving European public health research?
Speaker 2: Dr Günter Schreier (Austrian Institute of Technology GmbH, Austria): Data management challenges and solutions in closing the loop from healthcare to research and back
- 15:30 - 17:00** **SPECIAL SESSION- Round Table : Big Data, an opportunity for new models in clinical research?**
Keynote Speech: Prof Jan-Eric Litton (BBMRI-ERIC, Austria)
- 18:00 - 21:00** Social Event
Guided tour of the Abbey of Neumünster

Day 2 - 31 May 2017

- 09:15 - 10:30** **SESSION V: Where Innovation benefits Clinical Research**
Chair: Prof Rejko Krüger (Luxembourg Centre for Systems Biomedicine)
Speaker 1: Dr Christian Stallinger (Luxembourg Centre for Systems Biomedicine): Device-based assessment in the Luxembourg Parkinson's Cohort
Speaker 2: Prof Atul Pathak (Centre de Recherche Cardiovasculaire CHU/ Clinique Pasteur INSERM): Value of telemedicine in clinical trials with heart failure patients
- 11:00 - 12:30** **SESSION VI: What does the Future of Clinical Trials look like?**
Chair: Speaker invited
Speaker 1: Kai Langel (eClinicalHealth Ltd): Virtual, patient-centric trials and digital engagement
Speaker 2: ICON
- 13:30 - 17:45** **SPECIAL SATELLITE SESSION in collaboration with EFGCP**
Certified GCP training for investigators
Speakers: Dr Ingrid Klingmann, Chairman, European Forum for Good Clinical Practice (EFGCP) & Dr Lisbeth Tofte, Drug Safety Consult, Copenhagen, member of EFGCP

Coffee breaks and lunch provided

SAVE THE DATE

30th & 31st May 2017

VENUE

**Centre Hospitalier
Luxembourg (CHL)**

Amphithéâtre
4, rue Barblé
L-1210 Luxembourg
