Thursday

WEBINAR

via Webex*

45' (*talk*) + 30' (*discussion*)

11.00 - 12.15 pm

**The COVID-19 pandemic and the
response by the scientific community
in Luxembourg**

ABSTRACT

The COVID-19 pandemic has created an unprecedented public health crisis with deep impacts on health, social life, and the economy. During my talk, I will explore how the scientific community in Luxembourg rose to the challenge resulting in programmes and data which allowed the country to address the manifold impacts of the crisis.
